CORBETT AND FITZSIMMONS

Mad and in the Same City.

A Brutal Pawtucket Murder.

Brooklyn Trolley Victims.

Twenty-two Were Killed.

Suicide of a Prominent Mason.

FITZSIMMONS AND CORBETT.

They are Mad at Each Other and in New

Haven Together Today.

(Special Dispatch to the Transcript.)

NEW HAVEN, Ct., Aug. 23.—This is

pugilists' day here. Both Corbett and

Fitzsimmons are in town as rivals for

amusement companies attractions. Every

effort is being made to avoid an encounter.

Corbett caught sight of a street car covered

with a colossal sign, labeled: "Fitz-

simmons the coming champion," and

grew boisterous.

According to a carefully prepared pro-

gramme Corbett and Fitz are stopping at

different hotels, and in the brass band

parade this afternoon, the rival process-

ions will not meet unless some accident

interposes.

A big crowd at the depot cheered Cor-

bett and a smaller one enthused over Fitz-

simmons. The champions are engaged by

rival amusement companies. The

Edgewood base ball association, which

will play Bridgeports at base ball, has

Corbett as first baseman, and the New

Haven Carnival Company has Fitzsim-

mons as umpire in a game and he will

also spar four rounds with Tom Forrest.

It is reported that Fitzsimmons intends to

attend Corbett's theatrical entertainment

this evening and trouble may result.

JEALOUSY AND MURDER.

A Pawtucket Man Murders His Wife this

Morning.

(Special Dispatch to the Transcript.)

PAWTUCKET, R. I., Aug. 23.—Patrick

O'Day, who shot and killed his wife at his

home in Pleasant street early this morn-

ing, was arraigned before Judge Shove at

10 o'clock. He pleaded guilty and was

held without bail for the grand jury.

O'Day is forty-five years old, a

man of temperate habits. People

have been telling him stories regarding

his wife's actions which are in fact de-

clared to be untrue. He brooded much

over the stories and for weeks acted

strange. Last night at 11 o'clock the

family retired and after some words

Mrs. O'Day left her bed and lay down upon

a lounge. About 1:30 o'clock this

morning O'Day went into the

prior and after striking his wife

with a revolver fired two shots which

took effect in her temple, killing her al-

most instantly. He then threw a cover

ing over the body, walked to the Main

street square and gave himself up to the

officers. When seen this morning O'Day

gave as his reason for the deed that his

wife was unfaithful and left her family

night.

TWO MORE VICTIMS.

Brooklyn Trolley Cars Kill Two People

This Morning.

(Special Dispatch to the Transcript.)

NEW YORK, Aug. 23.—Two more lives

were lost by the Brooklyn trolley

cars this morning. The victims were

Ethel Denham, two years old, on

Rackett street line while crossing the

street in front of her home, and an un-

known man was thrown from a wagon in

a collision with a Second avenue car at

Twenty-second avenue and Eighty-fifth

street.

TWENTY-TWO DEAD.

That's the Number of the Denver Hotel

Disaster.

(Special Dispatch to the Transcript.)

DENVER, Col., Aug. 23.—The list of dead

in the Gurney hotel wreck now stands at

twenty-two and this will probably be the

total of the casualties. Of these, three

bodies remain unclaimed by friends. The

fire department, exhausted by their labors

were permitted to return to their quar-

ters yesterday, and gangs of laborers

were set to work to clear away the wreck-

age to make certain that no more bodies

are buried under the debris.

PROMINENT MASON SUICIDES.

(Special Dispatch to the Transcript.)

ALEXANDRIA, Va., Aug. 23.—F. A. Reed a

prominent commission merchant of this

city, Grand Commander Knights Templar,

Grand Senior Warden of Virginia Grand

Lodge of Masons, and at one time

superintendent of the Mount Vernon

railway, committed suicide here today by

shooting himself in the head. He had

been a sufferer from mental depression

recently.

MAY BE LYNCHED.

(Special dispatch to the Transcript.)

GRAND RAPIDS, Mich., Aug. 23.—The

two desperadoes who while robbing ar-

rest killed Detective Powers last night,

have been captured and lodged in jail here

Mobs now surround the jail and there

are threats of lynching the two men.

WITH DYNAMITE.

Attempt to Blow Up a Whole Train in the

West.

(Special Dispatch to the Transcript.)

BUTTE, Mont., Aug. 23.—An attempt

was made last night to blow up an east-

bound Northern Pacific train by placing a

stick of dynamite on the switch frog at a

junction half a mile east of this city.

Nearly the whole train passed over the

dynamite before it exploded. The last

coach was filled with passengers and was

badly shattered but no one was injured.

OLD BIJOU IS DEAD.

Peace To The Ashes of a Good Old Dog.

Bijou, J. Milton Gavitt's pug dog, was

mercifully put out of existence by Dr.

McDonald Thursday. Bijou was one of

the oldest and best known dogs in town.

In his youth he was very fond of visiting

at the Wilson, where he was always a

welcome guest. He was also very much

at home at J. H. Plagg's stable where the

man that had the best boarding place was

sure of Bijou's company to dinner, for

which he would go through his tricks of

coughing, and sneezing and showing his

tongue and kicking. Bijou was very fond

of riding in the cars. He had traveled by

rail a good deal, having visited Boston

and New York and many other places.

He would go to the station with his owner,

and when the train was ready he would

walk up the car steps and into the car un-

til he came to an empty seat into which

he would go and lie down under the seat

until his owner was ready to leave the

train. Bijou was fourteen years old the

10th of this month. He was run over by

a team on River street last spring and in-

jured so badly that he became deaf and

lame, until in mercy to the dog Mr. Gavitt

thought best to have him killed. Bijou

was a very knowing dog and highly prized

by his owner. Peace to his bones.

Bennington Appreciates North Adams.

The Bennington Banner in urging its

town to greater industrial activity has the

following to say: "With our excellent

water power, good railroad facilities and

other favorable conditions, we feel that

the public spirit and business sagacity of

our business men should manifest it-

self in united efforts to do for this com-

munity what the business men of Bur-

lington, in our own state, Adams and

North Adams our near neighbors in

Massachusetts, are doing. These com-

munities are experiencing a veritable

boom. And why? Not because the natu-

ral attractions and advantages of these

places are any greater than they always

have been, but because their capitalists

and business men are investing their

money and exerting their energies in the

building up of home enterprises instead

of sinking their accumulated wealth in

Western railroad, irrigation, mining and

other schemes."

A Courtious Act.

The Republican club has offered the use

of its rooms in Collins' Main street block

to C. D. Sanford post, G. A. R., in case it

has occasion to hold a special meeting at

any time. The generosity of the club is

appreciated by the post, which will glad-

ly accept the offer in case the rooms

should be needed.

James Osborne.

James Osborne of Zytionia, the old man

who fell from a wagon recently and re-

ceived a broken hip, died yesterday at the

hospital. He had been a prominent man

in his time and held very responsible

positions in the L. L. Brown paper mills

in the early days of paper making. The

funeral will be held Sunday from his

late home.

THE METEORIC HYPOTHESIS.

Professor J. Norman Lockyer gives the

following as the new points of view in the

meteoric hypothesis:

1. There is the closest possible connection

between nebulae and stars.

2. The first stage in the development of

cosmical bodies is not a mass of hot gas,

but a swarm of cold meteorites.

3. Many bodies in space which look like

stars are really centers of nebulae—that is,

of meteoric swarms.

4. Stars with

BUYERS, WAKE UP!

THIS IS A TIME WE SHALL MAKE
YOU ALL REMEMBER AS A
REVELATION IN FINE GOODS AND
FAIR PRICES.

We are going to do business with you because we believe just exactly what you want, and our prices are simply irresistible.

Men's, Boys' and Children's Clothing,
Hats, Caps, Trunks and Bags.

Our complete assortment assures perfect satisfaction in the selection of goods to satisfy individual tastes. We are not content to stock merely an ordinary quantity of goods, but we have the best of everything in our line. We have the latest styles in every detail. We have the cheapest prices, and the best of everything. Everything goes at the lowest possible price. Come in and see how fair we will treat you, now and we will please you, and how much we will save you.

UNION CLOTHING CO.,

SUBURBAN NEWS.

Happenings of Interest in Our
Neighbor Towns.

ADAMS.

Mrs. Patrick Kiltredge.
Mrs. Mary A., wife of Patrick Kiltredge died at the home of her mother, Mrs. Thomas Welch of Renfrew, about 7 o'clock Wednesday evening after a long illness of consumption. Mrs. Kiltredge was born in April, 1865, and was a daughter of Thomas and Bridget Welch. About three years ago she was married and a short time afterward her health began to fail. About two years ago she became so ill that she was obliged to leave her home in Framingham and come home that she might have the careful attendance of her mother. She was a young woman of many good qualities, having the respect and love of a large number of friends who knew her from childhood. Even though her death has been expected for a long time, it brings affliction to everyone who has the privilege of her friendship. She leaves besides her mother and husband two brothers, Thomas of Bridgeport, Ct., and James of this town and one sister.

The funeral occurred from St. Charles church at 8 o'clock this morning. Rev. Fr. Moran officiating. The attendance was large. These young men were bearers: Thomas Scollen, Patrick Dowd, Joseph Fern, Keyron Doyle, James Raidy and Edward Murray.

Their County Convention.

The Father Mathew societies of the county will meet in convention at the hall of the local society this evening. When the regular business of the convention is done, the debate will open with Thomas Payne of Lee and J. Mackin of Hinsdale on the affirmative side, while Peter Powers of this town and M. H. O'Brien of Blackinton take the negative.

The question of debate is, "Resolved, That Religion has More Influence in Promoting the Temperance Cause Than Legislation." At the opera house afterwards a dance is to be held. The dance will be supplemented by a concert by Gero's orchestra. Joseph Doherty of North Adams will prompt for the dance.

Caledonian Club Celebration.

The Caledonian club will give an entertainment at their hall in Renfrew, tonight, which will without doubt be largely attended. The following concert program has been carefully prepared and comprises the names of some of the best local musicians:

Solo—Selected. Thomas Monteith
Solo—Waiting. Miss Libbie Doyle
Duet—Selected. Horace Eifield
Soprano solo—Beller. Miss Sarah Doyle
Trio—Selection—Jessie's Dream. Edward Riley
Violin solo. Thomas Palmer
Solo—Then You'll Remember Me. Thomas Palmer
Soprano—Sundown and Shadow. Archie McKinnon
Duet—The Nightingale. Miss L. and S. Doyle
Solo—Remember Dear Mother's Last Words. J. T. Taylor
Negro Improvisations. William Gray
Dancing will begin after this concert with music by Palmer's orchestra. Refreshments will be served.

Renfrew Company's Annual Report.

Under the head of corporation returns in Banker and Tradesman, this report of the Renfrew Manufacturing Company occurs. "Last annual meeting April 2, 1895, certificate filed August 13, '95, treasurer, James Renfrew; fixed capital, \$1,200,000. Assets—Construction No. 5 mill, \$75,537; land, water, power and buildings, \$403,927; machinery, \$723,310; cash and debts receivable, \$305,628; manufactures and merchandise, \$267,518; stocks, \$17,225; treasury stock, \$2,100; profit and loss, \$55,984; total, \$1,850,310. Liabilities—Capital stock \$1,200,000; debts, \$652,310; total, \$1,852,310.

A Bad Bottom.

The big hole on the east side of the new mill foundation has attained a depth of 14 feet and their is still no sign of a good bottom. There are three ways in which the defect may be remedied: by putting in hemlock piles, by planing the bottom at a considerable depth and by arching the place. The architect has been sent for and he will look over the place and report the best thing to be done.

Four car loads of brick from the Westfield brick company for use in the new Berkshire mill, are pronounced inferior to sample and have been refused by Superintendent Skene. They will be returned.

The long looked for car bearing Archie White's show tent and other paraphernalia has arrived and the company will open on Spring street tonight.

A decided success are the proper terms to be applied to Thursday night's entertainment under the auspices of Notre Dame church. All the soloists did well and were appreciated by the audience, which was large. A considerable sum will be netted.

Judge Bixby has returned from his driving through Vermont.

CHESHIRE.

Charles Lincoln of Earlville, Ill., is at Morton Chapman's.

Those weeds back of the Masonic hall are to be cut and burned, which will be a great improvement of the surrounding property.

The town is to put a new iron bridge across the brook just below the hotel. It will be made by Windsor parties and of the local material.

Mrs. Ward has returned to Brooklyn.

A new baker's wagon has started from Dalton making three coming to our place regularly, Dalton two, Adams one.

The new water gas apparatus is being put in at the gas house.

Boiler-maker Walsh and men are doing rapid work converting the sheet iron received Thursday, into the big six foot flume for use at the mill.

Frank M. Waters and James E. Cadogan furnished bonds for Joseph Sero, who was held in \$500 Thursday morning on a charge of battery.

James, the eight-months-old son of Mr. and Mrs. James Barrett died at his home on Columbia street, Renfrew, this morning and will be buried at 2 o'clock tomorrow afternoon.

Lawyer F. R. Shaw is confined to his home with a severe illness.

Archie White's medicine show will open at his tent on Spring street tonight. Archie Bowen will leave town Monday, September 2, to enter Bridgewater normal school.

The windows have been put in the third story of the hose house.

The Imperial quartet comprising George Duggan, Wilfred Cann, Craig Ferguson and John Porter will sing at the Continental drum corps at North Adams tonight.

A large number of the windows for the armory building have arrived and will be stored away.

Last night, prowlers around Albert Lewis' house on Maple street, were scared away while trying to open a window.

The engagement is announced of Miss C. Estelle Cummings to Smith Stannard of Springfield.

BRAYTONVILLE.

A Double Knot.
Edward Gillman of North Adams and Miss Lizzie Davies of West Main street, John Moyle and Miss Edith Williams, both of this place, were united in marriage last evening. The double knot was tied by Rev. G. W. Brown at the Methodist parsonage. Both couples left on the 8 p. m. train westward for a wedding trip.

A large number assembled at the chapel last evening to listen to the wonderful graphophone. The young men cleared \$11.90.

Robert Dow of Renfrew has accepted a position in the card room.

Mrs. D. J. Brown has gone to Hinsdale to visit her mother.

John McPhail of Maple Grove has accepted a position in the spinning room.

NEWSPAPER MEN'S OUTING.

The Hampshire-Franklin Press Club to visit Wilmington and Raponda.

The members of the newly organized Hampshire-Franklin Press club, with their wives, have accepted an invitation from President D. H. Newton of the Hoosac Tunnel and Wilmington railroad to visit the picturesque region of the upper Deerfield valley next Monday, August 26, and will have a most delightful excursion. The program is to leave Greenfield on the 8.32 a. m. Fitchburg train, arriving at Hoosac Tunnel at 9.51. At that place the party will take a special observation train to Wilmington, Vt., where they will arrive at 10.30. Carriages will convey the party from Wilmington to Lake Raponda, where dinner will be had at the hotel, after which a drive will be taken through the surrounding country.

The Forest and Stream club, having a fine home near Wilmington, will extend its hospitality to the visitors. At 2.45 p. m. the train will leave Wilmington for Hoosac Tunnel. The expense of the trip will be \$2 for each person.

This will be a very pleasant trip and will disclose to the excursionists some of the finest natural scenery in New England. President Newton may be depended upon to do all in his power for the pleasure of the party, and those who go will have something to talk and write about for many days to come.

FIRE ALARM INDICATORS.

Their Use Explained—The Next Step in the Alarm System.

The fire alarm indicators for the three hose houses have arrived and were put in place today probably by Manager Sledman, under whose efficient direction the fire alarm system has been kept in excellent order since its establishment. These indicators are manufactured by the Gamewell company, are very valuable instruments and would delight the eye of a mechanic or the mind of an electrician.

Broadly speaking an indicator consists of three wheels which present their surfaces to square openings in the front of the indicator and have on these surfaces the ordinal numbers from one to nine. When the alarm is rung the current controls clock work mechanism so that the wheels revolve and present to the openings the number of the alarm. The indicators are simple in their manipulation, needing only to be kept wound and adjusted after each alarm. The winding is as simple an operation as it is to wind a clock and the adjustment is accomplished by pulling down on a rod which returns the wheels back again to blank. The use of the instrument is to show the firemen what alarm has been rung so as to prevent waiting at the hose house to count the strokes, perhaps in a roaring storm. The first sounding of the number of the box turns up the proper figures and no further sounding nor manipulation of that box will disturb them until an adjustment has been made.

The addition of these instruments to the fire alarm system makes it as complete and safe as it will be while one system working from one centre. The next step Manager Sledman says will be necessary, will be to divide the system and use a repeater. This would prevent the whole system being put out of order by one break. A break in one section would not affect any other section, yet an alarm rung in any section would be similarly rung in the others, because the repeater would communicate the pulsations to all the wires.

Warehouses Ablaze.
MILWAUKEE, Aug. 23.—Fire broke out yesterday in the Union steamboat dock and warehouse on the Menominee river. The fire was under control until all the warehouses (which were mostly frame) for six blocks along the west side of the river were burned with their contents, including much freight. The loss will foot up probably \$200,000 to \$300,000. A boy named McManus was run over and killed by a supply coal wagon of the fire department during the progress of the fire.

Left to Carlisle.
WASHINGTON, Aug. 23.—Ex-Senator Manderson has telegraphed Controller of the Treasury Bowler that he had forwarded a motion to refer the whole question of the payment of the sugar bounty appropriation to the secretary of the treasury on account of the peculiar language of the appropriation law, which he claims takes the matter out of the hands of the regular accounting officers of the government.

Plotters at Work.
WARSAW, Aug. 23.—A revolutionary movement, connected with which many arrests have been made, has been discovered at Odessa. Plans looking to general uprising had been made, and the situation is said to be very strained. The government seems to be prepared for all eventualities.

First Race on Sept. 7.
NEW YORK, Aug. 23.—The America's cup committee have selected Sept. 7 next as the day on which the first of the series of races between Valkyrie III and Defender shall be held.

Railway Litigation.
SEATTLE, Wash., Aug. 23.—The hearing on the application of Oregon Irons for the removal of the receivers of the Northern Pacific Railroad company began here yesterday.

and Mrs. Maggie Stillman were married at Hartford, Ct., Tuesday night of this week.

Many who purchased steel stoves find when they come to settle with the stove company that their old stoves sold to the agent are not included in the contract, hence the full price has to be paid.

Mrs. J. R. Doyle of this place is visiting with Mrs. W. E. Hawks, Jr., of Benning town, Vt.

S. L. Smith is in Boston buying goods for his fall trade.

Mrs. Barbara has closed his services with Brownell Wilcox and moved his family down to the corners here.

IN BEHALF OF INDIANS.

CHAMBERLAIN, S. D., Aug. 23.—Rev. W. D. Cleveland has left South Dakota for the scene of the late Indian troubles at Jackson's Hole, to investigate the causes leading up to the recent trouble. He goes at the request of the Indians' Rights association of Philadelphia.

Lost His Courage.
BEVERLY, Mass., Aug. 23.—John McKennon, 59 years old, was struck by a train here yesterday afternoon and killed. Three companions state that he deliberately jumped in front of the engine. McKennon was out of work and had grown despondent.

Spofford's Case.
WASHINGTON, Aug. 23.—Concerning the charges against Congressional Librarian Spofford, it is stated here that even if the published statement be found to be true, it is unlikely that he will be liable to any penalty except dismissal from office.

Did You Ever
Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting a wonderful direct influence in giving strength and tone to the organs. BUILT LIKE A HORSE.

Wild Man Creates Terror Among Farmers Around Injun Meadow.

He Scores Brutes as Well as Human Beings.

Force to Organize and Make a Determined Effort at Capture.

WINSTED, Conn., Aug. 23.—The wild man was seen again yesterday by passengers on Dodd's stage, on route to Winsted from Southington, Mass. He was in the same track as when seen last Saturday by Sergeant Smith, which is five miles from here on the old and lonesome highway leading to Colerbrook.

The wild man lives in "Injun Meadow," as it is known to the countrymen. He is thought to be one of a family of three wild men seen two years ago. The man seen by Mr. Smith had no clothes, but was covered with hair. The wild man was seen in Canaan mountain a few months ago is thought to be the same person.

Farmers in that section are terrorized and afraid to go out of doors after dark, and the robberies of honoraries and mysterious disappearance of calves, lambs, and even Sandfield and Colerbrook farms are

Flamed Upon the Wild Man. Five hundred men leave here Sunday morning to hunt for the strange character. They are urged when seen last Saturday by Sergeant Smith, which is five miles from here on the old and lonesome highway leading to Colerbrook.

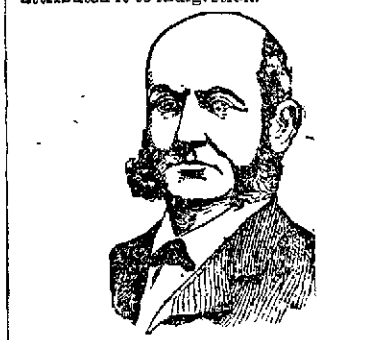

On Saturday, Riley Smith, while coming over the road, stopped to pick a few berries, but no sooner had he commenced to eat than the wild man emerged from the center of a batch of heavy bushes. Smith was about to scream. His dog commenced to whine, and with its tail between its legs sought refuge in Smith's wagon under a pile of blankets.

Mr. Smith described the man as an awful looking sight. He is large in stature and his head is the most conspicuous part of his body, being nearly the size of a horse's head. His teeth resemble those of a horse in size, but are pointed. His hands are extra large.

DIED OF PARALYSIS.

Hon. L. B. Morris, Who Held the Highest Position Within Connecticut's Gift.

NEW HAVEN, Aug. 23.—Ex-Governor Luzon B. Morris was found unconscious on the floor of his office by a caller yesterday morning. How long the ex-governor had been in that condition is not known. The indications are that he was stricken while reading his morning paper. Efforts made to bring Mr. Morris to consciousness failed, and at 2:30 it was decided that the attack was one of acute apoplexy. From this time the pulse grew weaker and the ex-governor died at exactly 3 o'clock. Mr. Morris had been complaining of distress for a few days past, but attributed it to indigestion.

L. B. MORRIS.
 Luzon Burrill Morris was born in Newtown, April 16, 1827. He worked in a blacksmith shop and edge tool factory in Seymour as a boy, and earned money to put him through Yale college, from which he graduated in 1854. A year later he was elected a member of the state house of representatives from Seymour, and served two terms.

In 1857 he was appointed judge of probate from the New Haven district, and removed to that city, where he has since resided. He was elected a member of the house from New Haven in 1870, and in 1874 was elected to the senate, of which he was president pro tem and also chairman of the judiciary committee. For a quarter of a century he had been a prominent member of the New Haven county bar, and served six terms as judge of probate.

In 1888 he was a candidate on the Democratic ticket for governor, but, although receiving a plurality of votes, Governor Dickley was elected by the legislature. Then followed two deadlock sessions, which was finally solved by his undisputed election to the governorship in 1892.

Mr. Morris married Eugenia L. Tuttle, daughter of Lucius Tuttle of Seymour, on June 15, 1856. She and three sons and three daughters survive him.

Female Masons.
 PROVIDENCE, Aug. 23.—A grand lodge of the Rhode Island Order of the Eastern Star was instituted here yesterday by grand officers from Massachusetts, Missouri, Illinois, California and other states. The lodge was organized so as to give the Rhode Island members of the order representation in the triennial convocation of Knights Templar, which is to be held in London only by had through a grand lodge. The exercises took place in the Masonic Temple. The lodge was instituted by most worthy grand matron, Mrs. Mary C. Snodden.

Identified Assassin and Robber.
 NASHUA, N. H., Aug. 23.—Yesterday officials took John Flanagan to the house of Thomas Page in Litchfield and confronted him with the assassin man. Page identified Flanagan as the man who made the assault and committed the robbery. It is the opinion now that Page may recover, but his injuries are such that he will always be in a crippled condition and an invalid for a long time.

Bought by Old Manager.
 BARRIS, Vt., Aug. 23.—J. M. Boutwell, formerly manager for the Langdon Granite Company, yesterday purchased the entire plant and business of the company. The Langdon company is the only one of consequence not having membership in the New England Granite Manufacturers' association.

Contractors Weakening.
 BOSTON, Aug. 23.—Up to the hour of closing the headquarters of the striking garment workers last night, the unions reported that 40 per cent of the contractors had signed the articles of agreement drawn up by their employers. In addition to signing, they are bound to guarantee the agreement. The situation is wholly in favor of the strikers, and is the general opinion the trouble will be over in a few days. A meeting of contractors was held last night. They proposed to resist, but owing to the poor attendance no line of action was taken.

Gale of 3000.
 PROVIDENCE, Aug. 23.—The official bulletin issued by the bureau of industrial statistics from the state census office shows that the population of Pawtucket has grown from 22,996 in 1885 to 33,373 in 1893.

ACCESS TO WALLER.
 The State Department Has Been Working Actively in His Behalf.

WASHINGTON, Aug. 23.—Acting Secretary of State Adoo authorizes the statement that information from Minister Bluntschli, in reference to urgent instructions issued him some three weeks ago, is that the record of evidence and proceedings of the court-martial of Mr. Waller at Tientsin is expected to reach Paris toward the end of this month.

Mr. Bluntschli's reports that access to Mr. Waller has been accorded to him after repeated and urgent requests made on the reiterated orders of the department of state. The department not having been advised whether Mr. Bluntschli has taken advantage of this permission to delegate a competent deputy to visit the prison where Mr. Waller is at present confined and confer with him, Mr. Adoo has instructed him by telegraph that he should do so at once, if not already done.

Mr. Adoo adds that it is hoped that the production of evidence before the court-martial will enable the department to form a judgment touching the conviction of Mr. Waller. The international right of this government to demand the evidence upon which conviction was reached in order that it may determine its action in the case, is unquestionable—and is fortified by abundant precedent.

In the case of the American citizen lately tried by court-martial in Honolulu on charges of treason to the government of the Hawaiian republic, the proceedings of the court were asked for, and the documents were promptly forthcoming.

Slight Mishap to Defender.
 BRISTOL, R. I., Aug. 23.—Another mishap befell the Defender while on her way from New London to this harbor yesterday. At about 7:30 she appeared to have come to an anchorage off Hog Island lights, but, instead, she was aground. The deep keel took bottom on the shoal that runs off from Hog Island, and the Defender was again in court. The same tactics which have been successful in previous mishaps of the same sort were at once tried, and shortly afterward the yacht cleared, and was soon standing up the harbor. She dropped anchor off the Herreshoff dock about 4 o'clock. Workmen were waiting for her at the dock, and at once began the work of overhauling her.

Frenchmen Are Excited.
 PARIS, Aug. 23.—A letter from Tarnatave says that the French are incensed at the commander of the American cruiser Castine for refusing to salute the garrison and to accord other courtesies to the French on the ground that America has not recognized the French protectorate. The Americans have also caused irritation by persisting in a personal investigation of the Waller case. The commander of the Castine consulted United States Consul Wetter before deciding not to salute the garrison.

Narrowing Down.
 ST. JOHN'S, N. F., Aug. 23.—The expected stoppage of the railway by French warships causes great excitement here. It is felt that this is a crucial point where England must make a determined stand against French aggression or else sacrifice Newfoundland's prosperity, which chiefly depends upon the development of internal resources made available by the completion of the railway. Premier Whiteley has started for Bay of Islands, where troubles are expected to arise.

Whisky Trust's New Name.
 ALBANY, Aug. 23.—The reorganization of the Whisky trust was consummated yesterday in the incorporation of the American Spirits Manufacturing company, with a capital stock of \$35,000,000, for "distilling and dealing in spirits, including the distilling, rectifying and rectifying of high wines, alcohol, spirits, gins and whiskies, and malting and dealing in malt."

Bad Shooting Scrape.
 LINCOLN, Ill., Aug. 23.—While under arrest, a negro, supposed to be Albert Phoenix, shot his companion, Frank Phoenix, colored, and also shot Private Watchman Blackford, and M. A. Rogers, who went to the victim's assistance. The shooter escaped. The two negroes were being taken to the police station when the shooting began.

Tempest in a Teapot.
 LIMA, Aug. 23.—The question at issue between Peru and Bolivia has been settled as a result of a conference held yesterday. It has been agreed that the question of salinity to the Bolivian flag in Peru, which has been demanded by the Bolivian government, shall be submitted to the arbitration of another American republic.

Carpet Weavers Winning.
 PHILADELPHIA, Aug. 23.—The ingrained carpet weavers of this city, who went on strike some weeks ago for an increase of ten per cent in wages, have won the fight. Of the 61 firms involved, all but 20 have signed the new scale granting the advance, and the remainder will doubtless follow suit at an early day.

Patchen Defeats Gentry.
 CHICAGO, Aug. 23.—Joe Patchen yesterday won the match race against John R. Gearty, a straight heat. As a wind that amounted to almost a gale blew, a sensational time performance was out of the question. The three heats were covered in 3:05 1/4, 2:07 1/4 and 2:07 1/4.

For Free Carriage.
 OMAHA, Aug. 23.—Five delegates composed the Democratic state convention which assembled here to nominate a supreme court justice and two university regents. The platform favors immediate restoration of free carriage to 1.

Built First Tea Clippers.
 GLASGOW, Aug. 23.—Peter Donny, one of the best known shipbuilders on the Clyde, died at Dumbarton yesterday. He was about 69 years of age, and was the first builder of the ships known as "China tea clippers."

To Place the Blame.
 WASHINGTON, Aug. 23.—Assistant Secretary McAdoo has ordered a court of inquiry to meet at the New York navy yard Tuesday next to investigate the docking of the cruiser Columbia at Southampton.

Nabbed by Constable.
 NEW YORK, Aug. 23.—Anthony Comstock yesterday arrested Dr. Jones on the charge of counterfeiting. Comstock says Jones is wanted in almost every state in the Union to answer charges preferred.

Colombia Asked to Settle.
 COLOM, Aug. 23.—The United States legation has lodged a claim against the republic of Colombia on behalf of Mr. Cherry, the holder of a concession for the Cauca railroad.

But Little Damage.
 NEW HAVEN, Aug. 23.—A refrigerator car was derailed yesterday afternoon. A freight engine engine, and the engine and two cars were derailed, with slight damage.

Postoffice Robbed.
 NORTH CONWAY, N. H., Aug. 23.—The postoffice here was broken into and the safe blown open and rifed of \$500 in stamps and several registered letters.

Another Electric Victim.
 HAVENHILL, Mass., Aug. 23.—Mrs. Eliza Watson, 70 years of age, was fatally injured yesterday afternoon by being struck by an electric car.

IN HER GAYEST ATTIRE

Proud Boston Will Be Decorated as She Never Was Before.

The City Virtually Sprinkled With Grand Stands.

Various Sub-Committees Have Been Squeezed Out of Old Quarters.

BOSTON, Aug. 23.—There is no boot black in Boston too poor to hang a Templar flag at the door to his cellar. For days men have gone about the streets selling armfuls of cheap Templar banners, and the humblest storekeepers have made their windows gay with them.

From the cheap printed flag, the decorations range to grand effects on handsome business blocks and hotels. This lavish use of incandescent lights and flags and paintings, in addition to miles of bunting of varied hues, is costing Boston many thousands of dollars. When the Templar march through our crowded streets on Tuesday, they will see a city decorated as never before.

Day by day it becomes more apparent that no expense will be spared to make the convective a grand success. The Templars of Massachusetts and Rhode Island will spend hundreds of thousands of dollars in entertaining their guests. The guests themselves will spend other thousands. It will be one of the gayest weeks Boston has ever seen.

And the public takes quite as deep an interest in it as do the Templars. This is evinced not alone by the extensive decoration, but by the innumerable private grand stands, erected in front of nearly every house on the line of the parade. Commonwealth avenue is solidly lined with them. So is Arlington street. The little strip of Boylston street up to Copple square contains

Many Bits of Blenheim.
 More are going up all the time. Columbus avenue looks to be a lane walked in by sea-serpents. Massachusetts avenue has no space left for another grand stand. The upper end of Washington street is equally crowded with them, while windows are no longer available, being spoken for long ago. This does not take into consideration the large stands built by the Templars.

Already the decorators have begun their work on the grand stands, while the houses on the ground are decorated. Not content with covering the buildings themselves, some hotels have run long lines of flags from flag poles on the roof, till it looks like the cross parade of a warship.

The severe attack of decoration on the interior of Mechanics' hall has broken through the walls, showing in gorgeous colors over the entrances. Bunting flaunting everywhere. Who called Boston "Burlington city?"

The quarters at School street have become too small, and all the sub-committees, save the committee on hotels and the press committee, have moved to the old Public Library. As soon as they get there they decorated it, and then settled down to busy work. There were many callers at headquarters, and an atmosphere of good fellowship was evident.

Mayor Curtis has had a city grand stand built, and has sent 15 tickets to each of the aldermen, which they have returned with scorn. Fifteen seats not being large enough for one alderman to spread himself, the board will now be invited to stand on the curbstone.

Templars' March and Song.
 Eminent Sir Eugene A. Holton for the past week has been at work perfecting the arrangements for the publication of the only authorized piece of music presented to the Templar committee. It is by Sir Howard M. Dow of De Molay, commander, who has, it is said, written a march of more than ordinary merit.

Sir Henry E. Barney of Boston commandery has written the words of this piece, which is entitled "In Hoc Signo Vincas," the soldier's march and song of the 26th triennial convocation of Knights Templar.

It is dedicated to Right Eminent Samuel C. Lawrence, grand commander of Massachusetts and Rhode Island.

The words, printed below by permission of the publisher, Sir E. Triflet of Boston commandery, are copyrighted: "In Hoc Signo Vincas—by the sign we conquer; Our father still stand; defend our free land. Our banners are waving, our triumphs proclaimed. Inspired by their glory, the cross goes before us; Inspired by its glory, by this we shall stand. We are true to the faith that is older than time; Our hearts will beat ever within our true breasts; Our hopes shall cheer for our order so sacred; Made strong by its wisdom, protected from schism. We stand or we fall by the truth it contains. This will be heard upon many occasions during the convocation, and will prove a great feature.

Cheap Fares to Boston.
 CHICAGO, Aug. 23.—Knights Templar rates went to pieces yesterday. Tickets were sold freely from \$10 to \$12 over the different roads, by which the regular agreed fare is \$10. There seems to be a regular scramble among the roads for the business, and they appear willing to carry it for whatever is offered them. No explanation can be given for the demoralization.

Detective Murdered.
 GRAND RAPIDS, Aug. 23.—Two men, answering the description of the Fenwick train robbers, boarded a train at Dorset evening and rode to Eagle Mills. Detective Powers attempted to arrest them and received a bullet in his brain. The men escaped.

Hundred Persons Reported Killed.
 SHANGHAI, Aug. 23.—The Chinese soldiers stationed at Tientsin, were reported to have killed a hundred persons, claiming for their arrears of pay. Later they attacked a number of shops in the city and killed over 100 persons.

Utilizing Government Boat.
 ALEXANDRIA, EGYPT, N. Y., Aug. 23.—The government supply steamer Ananias arrived here yesterday afternoon with Secretary and Mrs. Carlisle and William K. Carlisle and family. The party is on a pleasure trip.

Mariners Would Be Benefited.
 LONDON, Aug. 23.—A committee of the board of trade is considering the advisability of sending a representative to Washington to arrange a joint scheme to destroy floating derelicts, especially in the North Atlantic.

New England Briefs.
 The Graham House, at Old Orchard, Me., was sold to a Portland syndicate.

Harry Stewart was struck by a train at Brockton, Mass., and is in a very critical condition.

The Brockton (Mass.) common council passed the ordinance providing for the laying of conduits for electric wires.

At Thomaston, Me., Washburn Bros. & Co., launched a four-masted schooner of 900 tons burden. The vessel is named Henry Lipsett.

George Turpin, a reporter for the Waterbury (Conn.) Globe, was seriously injured at Winsted by Edward Smith. Turpin picked up an item reflecting on Smith's character.

FRESH COURAGE.
 Nichols' Fine Work Enables the Boston to Again Defeat Louisvilles.

BOSTON, Aug. 23.—Waythling, who on Tuesday held the Boston down to five hits, was placed in the box again by Louisville to it, if possible, repeat the trick. It was, however, unsuccessful, and the explanations by their magnificent playing induced new life into the hearts of their supporters. Nichols was the young man to wreck Waythling's chances for another victory, by holding the Colonels down to five hits, and allowed them nothing but goose eggs until the eighth. Both teams put up an exceptionally fine fielding game, some of the plays made by individual men being marvellous.

Boston, Aug. 23.—Waythling, who on Tuesday held the Boston down to five hits, was placed in the box again by Louisville to it, if possible, repeat the trick. Boston, Aug. 23.—Waythling, who on Tuesday held the Boston down to five hits, was placed in the box again by Louisville to it, if possible, repeat the trick. It was, however, unsuccessful, and the explanations by their magnificent playing induced new life into the hearts of their supporters. Nichols was the young man to wreck Waythling's chances for another victory, by holding the Colonels down to five hits, and allowed them nothing but goose eggs until the eighth. Both teams put up an exceptionally fine fielding game, some of the plays made by individual men being marvellous.
